Animals on the farm

On a sunny day, all the animals are on the farm enjoying the sunshine. The donkey is smaller than the horse. The geese are louder than the chubby pig and the goats are taller than the white geese.

The chubby pig is sleeping on the soft grass. The white geese are swimming in the pond. The energetic horse and the cute donkey are running by the pond. The furry goats are eating the green grass.

All the animals are having a lot of fun on the farm.
