## Peach Farm

This is a picture of Peach Farm. There are a lot of animals. There is a brown and fast horse and a grey donkey. The donkey loves to eat green grass so it is very fat. Also, there are two goats, a mummy goat and a cute baby goat. The horse is faster than the donkey. The pig is lazier than the goats and the geese are smaller than the horse.

The animals are doing different things. The pig is napping lazily. The geese are swimming in the deep, warm, sky blue water. The goats are sharing and enjoying the fresh, green grass. The horse and the donkey are racing.

I also want to be one of the animals because they can be free and do everything they want.
