

Animals on the farm

There are a lot of cute animals on the farm. There is a horse, a little donkey, a fat pig, two goats and three happy geese. The donkey is bigger than the geese but smaller than the horse. One goat is taller than the other goat.

The horse is having a running competition with the donkey. The lazy pig is sleeping. The goats are not running or swimming. They are eating grass and the geese are swimming leisurely on the lake. One goose is louder than the other geese.

The animals are having a great time.
