### My Teacher

My favourite teacher is Mr. Ho. He teaches me English. He is tall and strong His eyes are big and bright. He has short and straight hair. In short, he is very handsome.

He likes to learn different languages. It is because it can help him to learn about other cultures easily. Also, he likes singing because it can make him relaxed.

He always wakes up early in the morning. First, he gets dressed and has breakfast. Next, he goes to school by bus at quarter to seven. Then, he needs to teach about six to seven lessons every day before lunchtime. Every day, he has lunch at quarter past one. After that, he needs to mark all of our homework before going home in the evening.

I learn how to use different grammar from him. When I grow up, I want to be an English teacher too.
