

My Teacher

My English teacher is Mr. Lam. He is tall and always looks very serious. He rarely laughs. He has a lot of hobbies. He plays tennis, rides the bicycle and reads books. His personalities are driven and strict.

Every morning, he has breakfast first. Afterwards, he goes to school by minibus. Next, he teaches my class, he concentrates a lot when he teaches. When he teaches us, he can find students that are fooling around and can hear chatter easily.

I want to learn more useful English vocabulary from him. I like him a lot because he can teach me so much.
